CELEBRATING 60 YEARS OF INNOVATION

Avida, the longest-serving motorhome RV manufacturer in Australia still in the hands of the original owners, has been a leader in the RV industry since 1965, known for our high-quality, **Australian-made** motorhomes, campervans, and caravans. From our humble beginnings, Avida has built a legacy of innovation, customer dedication, and family values. We manufacture our RVs entirely in Australia, employing local talent at our Emu Plains facility west of Sydney, setting a standard for durability, performance, and comfort that has inspired travellers for more than **six decades**.

OUR VISION: To create the vehicle that fulfils our customer's dream lifestyle.

AVIDA 60 Years of Australian Made Innovation

Celebrating six decades of Australian manufacturing, here's a glance at our Journey. From our humble beginnings to our most recent milestones, this timeline is a snapshot of some key events that have defined Avida's legacy.

These vehicles were not manufactured by, or by anyone having any association with Winnerbago of the United States.
